

Changes to Safe Management Measures for Solemnizations from 21 June 2021

From 21 June 2021

1. Solemnizations at mosques and other external venues (without pre-event testing) can involve up to 50 persons (excluding the solemnizer, venue operator and vendors), or the safe capacity of the venue, whichever is lower.
2. Solemnizations held at the Registry of Muslim Marriages (ROMM) will be limited to 10 persons.
3. For home solemnization, the number of persons will be limited to 10 persons or 5 visitors to the home (whichever is higher), excluding the solemnizer and vendors.
4. Solemnizations at external venues involving more than 50 persons will require pre-event testing for all attendees (including the wedding couple), capped at 250 persons or the safe capacity of the venue, whichever is lower.

Wedding receptions will remain prohibited and may be allowed to resume from 12 July 2021.

All solemnizations must adhere to the safe management measures stipulated by ROMM.

For the safety of all the parties involved, ROMM encourages couples to have their solemnization via video link. For couples who prefer in-person solemnization, ROMM encourages them to have their solemnization at ROMM or at any of the designated mosques where the necessary safe management measures are already in place.

Couples who wish to book a mosque venue for their solemnization can contact any of the 14 designated mosques for availability and timing of slots.

ROMM administrative and solemnization appointments

Eligible couples are encouraged to use video-link for Verification of Document and Statutory Declaration (VD/SD) and solemnizations. For in-person VD/SD and solemnization appointments, couples and guests are to arrive at ROMM or the solemnization venue no earlier than 15 minutes before the appointment time.

There will be no self-collection of Marriage Records Searches and Extract Copy of Marriage Certificates. ROMM will mail the documents to the requestor.
